

Statewide Oil Distributors is a family owned business which has been operating for over 30 years. We supply bulk and packaged Mobil Lubricants out of our Western Australia, South Australia and Kalgoorlie depots.

Our goal at Statewide Oil Distributors is to prevent incidents and injuries by maintaining our commitment to workplace safety and achieving a level of 'No Injuries' for all people, property and the environment.

We will achieve this goal by:

- Complying with all specific legislative requirements applicable to Statewide Oil Distributors' operations no matter which state or territory they are conducted
- Establish realistic and measurable targets and objectives that are communicated to all people, monitored for achievement and reviewed on an annual basis
- Clearly define our targets and objectives within the HSEMP to ensure all activities align with our goals
- Fully implementing our HSEMP in order to achieve and maintain AS/NZS: 4801 certification
- Adequately identify, assess and provide mitigation controls for all hazards that have the potential to cause injury or harm
- Planning for safe work practices
- Providing safe plant, machinery and equipment
- Develop, implement and disseminate adequate information, education and training
- Provide appropriate HSE leadership, management and supervision
- Eliminating or controlling all risks
- Regularly consulting with all workers on any HSE matters
- Completing regular audits and reviews of practices and systems
- Providing emergency and first aid treatment facilities
- Reduce LTIFR by 5%
- Ensuring all people and any sub-contractors share our 'No Injuries' goal

To assist us in achieving this goal and ensuring continual improvement, all workers will be expected to support this policy by adhering to Statewide Oil Distributors' requirements along with aligning with the AS/NZS: 4801 process of risk management (identifying, assessing and controlling hazards) and using plant, equipment and PPE as instructed and trained.

Workers are also expected to voice their concerns and if need be stop any work activity, where they feel there may be a risk of injury or harm to themselves, others or the environment, without fear of reprisals or blame.
